Description :

PDF-6f70b | According to conventional wisdom, building a green home is an expensive endeavor. The standard approach treats green as an add-on, tacking "premium" products, finishes, and equipment onto a traditional home design. As a result, many green home projects end up over budget or fail to achieve their environmental and performance goals. *Green Home Building* explodes the myth that green homes have to cost... *Green Home Building: Money-Saving Strategies for an Affordable, Healthy, High-Performance Home*
